

# MADISON AVENUE TRAFFIC STUDY/ ROAD DIET FEASIBILITY STUDY

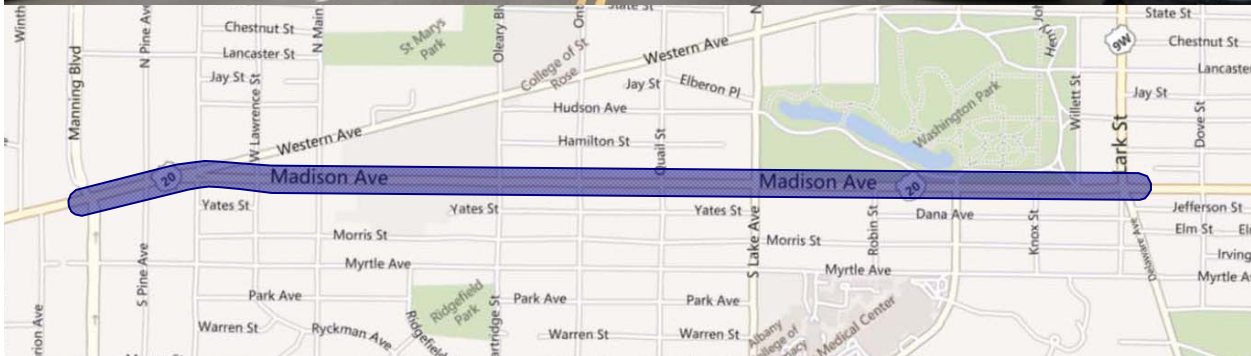

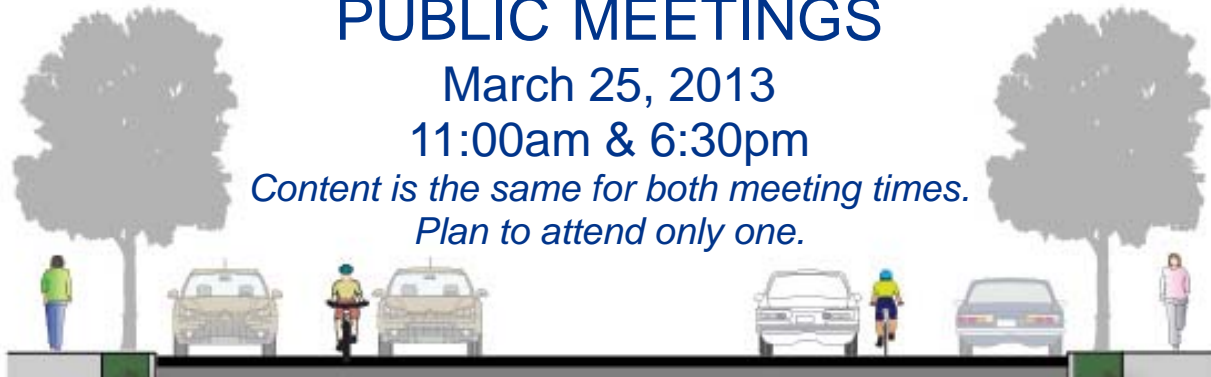

## PUBLIC MEETINGS

March 25, 2013

11:00am & 6:30pm

*Content is the same for both meeting times.*

*Plan to attend only one.*

The City of Albany has prepared a draft traffic study that evaluates the feasibility of implementing a road diet along Madison Avenue from Lark Street to South Allen Street and along Western Avenue from South Allen Street to Manning Boulevard. Public comments are being solicited, and you are invited to join the City's study team at either meeting time to hear an overview of the study and to provide your input on the draft findings.

Location: The College of Saint Rose  
Touhey Forum in the Lally School of Education  
1009 Madison Avenue  
Albany, New York
